## **ADDITIONAL ORDERING INFORMATION:**

### **PLACING AN ORDER:**

- **(NEW)** next to an item indicates that the item is a new textbook to the school for the 2021 school year or that the item is a workbook.
- All orders are to be placed online. Go to [www.lamontbooks.com.au](http://www.lamontbooks.com.au), select "Textbooks and Stationery" and choose your school from the list. Booklists **cannot** be handed in to school.
- If you require assistance to place an order, we have computers set up at our store and staff who can assist you with placing an order. Please note that if you attend our store during January you will not receive any items on the spot - orders will be delivered or available for collection at a later date.

### **PAYMENT OPTIONS:**

- **Online payment methods:** PayPal, credit card (Visa or Mastercard only) or direct deposit (see below for instructions)
- **Direct deposit:** You **must** include your order number as the payment reference. If you do not, we may be unable to match your payment to your order. This may result in substantial delays.
- We **do not** accept cheques (except from authorised welfare agencies by prior arrangement).

### **DELIVERY INFORMATION:**

- You can place orders for multiple students in one transaction provided the delivery address is the same. This minimises postage charges as only one postage charge will be applied to the entire order.
- Orders are sent via Australia Post to your nominated address. If nobody is available to sign for the parcel a card will be left by Australia Post for the parcel to be collected from the Post Office. You will receive an email notifying you when your order has been despatched, containing the tracking number of your order.
- We commence despatching orders as they are received, and as soon as stock becomes available.
- If you are going to be away and there will be no one to receive the delivery, please provide the relevant dates that you will be away in the comments section when placing your order and we will do our best to accommodate these requests.
- Occasionally orders may be delivered by our staff. In this case, a card will also be left for you to contact us if no one is available to sign for the parcel.
- Oversized items cannot be delivered in the post. These items will be distributed to students at school.

**PRODUCT SUBSTITUTION:** If a stationery item is unavailable it may be substituted with an equivalent item of the same or greater value.

### **BACKORDERED ITEMS:**

- **Home Delivery:** If an item is unavailable it may be placed on backorder. Backordered items will be sent out once available at no additional charge. You will receive another email notifying you that a parcel has been sent.

### **REFUNDS:**

- Items may be returned for a refund or exchange at any time **up to 28 February or two weeks from date of purchase** (whichever is later). Items must be in new condition and proof of purchase is required. Please take your items to The Friends' School shop for assistance.
- Refunds or exchanges will only be made after this time on items that are faulty, or in other cases at the sole and absolute discretion of Lamont Books.
- Electronic books, digital items, DVD's and calculators are firm sale. **NO** refunds or exchanges are available on these items.

**PRICING:** Booklist prices are correct at time of printing but may be subject to change.

**MISSING ITEMS:** Any claims for missing items must be made within **14 days** of receipt of your order. No claims may be made after this time.

## YEAR 10 - MATHEMATICS CALCULATORS:

*Midway through the year, students in Year 10 will require a graphics calculator. These specialist calculators will be used for the latter half of Year 10 and are retained and used throughout Year 11 and 12 studies.*

*Due to the high value, and to maximise the warranty period, the purchase is deferred until they are required. During Term 3 we will email families with details of the purchasing process and provide a link to an electronic order form so that you may make this purchase via the School Shop and have the cost charged to your family fees account. The cost of the calculator is approximately \$235.00. At the same time Teachers will explain the process to students in class.*

*Please note that the standard scientific calculator will continue to be used in Science and Mathematics subjects.*

*If you have concerns or questions, please do not hesitate to get in contact with the Year 10 Mathematics Teacher or the Head of Mathematics to discuss the matter further.*
